

"We become as a unit - my horse and I - as a single equipage.

It is necessary to have a developed sense of the horse's psyche and physique. Because enduranceriding is very demanding"

ANNELIE ERIKSSON
-SPORT IN DALARNA

We are now eagerly awaiting how the Riding Sports Association chooses to open up competitions for seniors after 14/6, with the hope that the enduranceriding season can also take off.

But until then we continue training!

Welcome to Annelie Eriksson and AE Endurance Riding

The month of May has been all about the gallop for Annelie and her team.

3 races where Annelie had 2 horses to start in the respective races, where Elmajed and Eastway stood for Annelie's first double!

They showed great shape on the Arabian horse handicap over 1600 meters at Bro Park on May 6. Where Elmajed won with 4 horse lengths down to the stablefriend Eastway who in turn had a horselength down to 3rd placed.
